NOTE—Contn. Sheet.

24/7/39

No. C 6/40-41

Ballabrooie,

Bangalore, 30th June 1940.

Cts 12-40-1

FROM

SIR CHARLES TODHUNTER, K.C.S.I., J.P.,
Private Secretary to His Highness
the Maharaja of Mysore
& Chairman, Managing Committee, Mysore Society for
the Promotion of Kindness to Animals.

GENERAL SECRETARY. 1 JULY 1940

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
General Department,
Bangalore.

Sir,

I am desired by the Managing Committee of the Mysore Society for the Promotion of Kindness to Animals to append below an extract from their resolution of the 25th June 1940 and to request that the Government will be pleased to make over to the Society half the fines collected for offences committed in the Mysore District under the Prevention of Cruelty to Animals Act.

X X X

"The statements of prosecutions for cruelty to animals, includ-
"ing one for the Mysore District, received from the District Superin-
"tendent of Police, were considered. ..... It was resolved,
"in view of the contributions being made to the Veterinary Hospital
"where animals from all over the Mysore District are treated, to move
"the Government to sanction the credit to the Society of half the
"fines collected in the cases prosecuted in the Mysore District".

X X X

2) In making this request I am to express the gratitude of the Society to the Government for having acceded to their request in the past for making over half the fines collected in the Mysore City (vide G.O. Nos. P.1768-70/Cts. 76-32-9, dated 17th October 1933, and P.3548-50/Cts. 76-32-13, dated 23rd January 1934), and to ask you to be good enough to place the following considerations before the Government.

3) In the first place, I am to say that ~~for~~ over a period of many years now, the Mysore Society for the Promotion of Kindness

to Animals have devoted themselves to the promotion of kindness to animals in all the ways open to a society of voluntary workers, including the care and protection of old and disabled animals. The Society are maintaining a Pinjrapole where about 100 old, infirm or otherwise disabled cattle, horses and donkeys are tended. Pasture is provided for these in the premises of the Pinjrapole and for such of the cattle as have no teeth to chew dry grass and jola, prepared fodder in soft form is provided. The Society provide medical treatment for such of the animals as need it. A well has been sunk in the Pinjrapole and over 25 acres of land have been cultivated while 200 more are leased as grazing area for the cattle of the Pinjrapole.

4) In the second place, I am to invite attention to the large increase that has taken place in the number of prosecutions for cruelty to animals. The number has risen from 29 in 1933 to 436 in 1939. While the Society do not desire to claim the credit for the vigilance shown by the Police, they believe that it is largely due to the activities of the Society that increased attention has been given to the matter. Further a printed copy of the provisions of the law relating to the prevention of cruelty to animals has been supplied to each member of the Society and the District Magistrate of Mysore has issued instructions to the Police to take cognizance of any case of cruelty brought to their notice by a member and to prosecute it. So far as the Prevention of Cruelty to Animals Act is concerned, therefore, the members of the Society constitute a voluntary police corps. Further, the Pinjrapole maintained by the Society has been notified to be an 'Infirmary' for the purposes of the Mysore Prevention of Cruelty to Animals Act, and such of the animals as are, in the opinion of the Magistrate, in need of treatment are being sent to the Pinjrapole to be cured. On the other hand, while figures for past years are not available, a recent statement received from the District Superintendent of Police, Mysore, of prosecutions in the Mysore District

shows that there have been as many as 68 cases of cruelty to animals during about eight months in the current year. There is reason to believe that, with the increasing vigilance shown by the police and the help rendered by the members of the Society, the prosecutions will amount in future to several times this number.

5, At the same time the Society have made substantial contributions in the past to the Veterinary Hospital at Mysore where animals from all over the Mysore District are treated and looked after, and have made offers of further contributions for the future. I may mention that the Veterinary Hospital, which was built in 1935, was deficient both in buildings and equipment. In the latter respect one of the chief necessities was a sterilizer, and a special collection was made by the Society and a sterilizer purchased at a cost of Rs.205, and given to the Hospital. As there were no in-patient wards, a sum of nearly Rs.600 was collected by the Society for a ward to give accommodation for a small number of animals. Further the Society have recently opened up negotiations with the Director of Agriculture for arrangements to be made for the appointment of a resident salustri at the Hospital with provision for purchase of food for the animals admitted as in-patients, and have offered to provide money for the latter purpose for the next six months or such shorter period as might be required for permanent arrangements to be effected.

6) Among the other activities of the Society, I may mention that they have also been engaged for some time past in an attempt to effect a change in respect of the bullock carts with a view to introduce a model bullock cart, more particularly with the object of finding some way that will avoid the prevalence of yoke gall tumours from which a large percentage of bullocks suffer.

7) In conclusion I am desired to express the hope that the Government will be pleased to recognise the needs of the Society and

will graciously order that half the fines collected as a result of the prosecutions in the Mysore District are made over to the Society to enable them to recoup their expenditure. The Society are making strenuous efforts to increase their resources and their activities and to admit to the Pinjrapole in so far as possible every animal in respect of which an application for admission is received, and they trust that the Government will be pleased to sanction the small measure of aid that is now asked for.

8) I need hardly remind you that in British India it is the custom to make over to the S.P.C.A., not half, but the whole of the fines levied.

I have the honour to be,

Sir,

Your most obedient servant,

Chairman.

SNK.
